Tom Gattis (Graphic Packaging)

Andy McCormick, President called meeting to order at 11:50

Beth Keaton-Treasurer – gave an update on the current CD balance and checking account balance.

OLD Business:

July meeting minutes reviewed

Beth Keaton read a thank you letter from George White's wife thanking us for the donation.

New Business:

Andy did talk with Mickey Dunn on getting an AED for LCHS; we approved to provide Lawrence County High School 2 AED, because of the size. As long as Lawrence County matches us for two.

Tom Gattis is still getting quotes from different people on hosting our web site.

We discuss the safety conference coming up in Oct. Tom is going to send out an email to see what industry might need certification in certain areas.

Bill Pettus suggested that everyone needs to bring an inventory of what videos that their company has or what they would like to see. We can bring that to our next meeting.

PROGRAM: Carbon Monoxide Poisoning

I 'm sure everyone went back to there place of work and check their levels.

Thank you Tom for a great lunch and a very interesting program.
