

# Lawrence County Safety Council

---

Darryl Thomason, President – Lawrenceburg, TN 38464 - (931) 762-1675

## MISSION STATEMENT

To promote and enhance the safety and health of all employees of the member organizations of the safety council, through communications, training, sharing of skills and expertise among council members.

## **April 19, 2006 – Minutes Submitted by Mark Jent, LCSC Secretary**

Dura Automotive Systems hosted the April meeting of the Lawrence County Safety Council with 11 members in attendance. Darryl Thomason, LCSC President, conducted the meeting.

### **Old Business**

- The minutes from the February meeting were reviewed and approved by the group.

### **New Business**

- Several suggestions were made as to what the Council could do to gain some publicity while promoting safety in the community. Darryl mentioned getting involved with the Agricultural Extension Agency to promote farm safety or possibly doing something through the 4-H group.
- Another suggestion was for companies, especially members of the Council to sponsor a blood drive at their respective facilities.
- The Council also decided to sponsor a needy child so they could attend 4-H camp in July. Calvin Bryant from the Extension Agency said they already had guidelines for choosing through an application process and if we wanted to give some input we could. We are going to leave that up to the Extension office. Calvin expressed his appreciation to the Council for making this donation.
- Maria gave us an update of the Council's finances and as of April 19<sup>th</sup> we have a balance of \$8343.40.
- June is National Safety Month. In the past we have published Public Service Announcements, it was discussed but no action was taken.

### **Next Meeting**

- Our next meeting is June 28, 2006 at Modine. Hope to see you there!
- **Also before our next meeting each member needs to submit in detail an idea or project that the council can do to benefit industry or our local community. Please submit these to Mark Jent at jent.m@duraauto.com. Remember to review our Mission Statement!**
